

Clinical Riser Recliner Chairs

This range is for people who are mobile but have complex needs.

Features include:

- Vapour-permeable Fabric
- Powered 'Tilt in Space' movement
- Height and depth adjustment
- Choice of backs
- Pressure care
- Drop arms for easy transfers

Portachairs

Portachairs have many features in common with clinical riser recliners but add the ability to transport the user and are suitable for people who are hoisted.

Benefits:

- Reduced hoist transfers
- Reduced carer time
- Increased social interactions

Why SomaCare?

SomaCare

Fortuna.Bambach

Fortuna has great experience and expertise in seating for people with complex clinical needs.

Our SomaCare range are high-quality, UK-made, chairs designed to optimise comfort, pressure care and posture. The seats are suitable for care or healthcare settings, or for domestic use.

Our **team of trusted assessors** also work closely with OTs and other healthcare professionals to provide individual solutions, for seating and other needs. Rental options are available, and all seats come with a 5-year warranty.
