

Paediatric Seating

✨ Providing Comfort, Support & Independence ✨

Wide range of seating solutions for every need

- ✓ Postural Support - customised seating to improve alignment
- ✓ Comfort & Safety - designed with child-friendly materials
- ✓ Adjustability - seats that grow with your child for future-proofing
- ✓ Options for classroom seating and home use

🌀 **Bambach Saddle Seat**

A poor sitting position can be helped by a Bambach, which can improve:

- posture
- balance
- trunk control
- limb function

For children from 2-18 years

⚡ **Acer Modular High Back Chair**

- breathable fabric & pressure foam
- adjustable seat height, width & depth
- modular design increases initial choice & can be adapted to changing needs
- cost-effective: cheap to buy & easy to repair

Rental options provide flexibility for changing needs
