

STAIR SOLUTIONS

Supporting Independence at Home

From Simple Rails to Future Technologies

Lunch and Learn

Fortuna Training Suite: 10am until 2pm - Wednesday 16th September
Lunch will be available between 12.30-2pm

In collaboration with our UK manufacturers, we will be hosting a training and equipment demo day aimed at health and care professionals. **CPD accredited.**

Members of the Fortuna.Bambach team will also be available to help demonstrate the equipment.

There will be talks and demonstrations, running from 10.30-12.30pm. However, you can also drop in any time and discuss specialist equipment and adaptations.

Learn about, see and try:

StairSteady | Stairlifts | Stair Rails & Grab Rails | Ramps | Platform Lifts | Through-Floor Lifts | Stair Climbers | Outdoor Access | Future Technologies

Discussion Topics

- Considerations when specifying stair adaptations
- When is a stairlift the right solution?
Assessment, installation and practical considerations
Access beyond the staircase
- Regulations & good practice
(Building Regulations & Equality Act)
- The future - How might technology change stair access?
Autonomous and robotic powered stair-climbing solutions
Could future mobility technology replace stairlifts?

Speakers: Ruth Amos (StairSteady) | Elaine Ferguson, Jacob Bavetta, Archie Clews
