

## SitnStand - Trial Terms and Conditions

Following either a customer request or an evaluation visit by a representative, a 1-week trial may be offered, subject to a fee of £80.00 ex VAT (comprising £20 for delivery & collection plus £60 for 1 week rental). The rental fee will normally be eligible for 0% VAT so the likely fee payable will be **£84.00** - we can advise you on the HMRC eligibility criteria.

**If a SitnStand is ordered within 1 month of the end of the trial: the full rental fee of £60 ex VAT will be subtracted from the price of your purchase.**

- Once the details of the trial been agreed, by the return of this form, an invoice will be generated and e-mailed back to you.  
(Note: if appropriate, a VAT exemption form should be signed and returned at the same time)
  - The deposit fee payment should then be made through a link in the bottom right-hand corner of the invoice
  - We will then aim to dispatch the product within 10 working days, if possible.
  - The 1-week trial period will start at the time of receipt
  - In the unlikely event that the product arrives damaged, please notify us immediately
  - The SitnStand will be delivered in a box which needs to be kept safe for return of the product after the trial period (Note: there will be a £10 charge for a replacement box)
  - Towards the end of the trial an e-mail will be sent to you advising the date and details of the collection by our nominated carrier and asking whether you wish to purchase a SitnStand
  - Delivery and collection are included, however a £20 charge may payable if reasonable efforts are not made to make the seat available for collection
  - If the SitnStand is returned with evidence of new damage we may charge £100 to cover costs
- 
- I have understood the T&Cs of this agreement
  - I can confirm that I understand the how to use the SitnStand, either by a personal demonstration or by watching the following video: [Stand up at the touch of a button](#)
  - Fortuna.Bambach cannot be held responsible for accident or injury resulting from improper use or lack of care during transfer on or off the seat.
